

Torque Tee

Rubber Fab's Torque Tee and universal torque socket are designed to aid in clamp installation and removal. Available with a family of components, the Torque Tee handle creates effective tightening leverage and aids in reaching tight spaces, including over head and behind tanks. Torque Tee is available in 30 in/lbs and 50 in/lbs as a standard.

Torque Tee Features

- Safety yellow coated for high visibility
- Available in chrome plated
- Works with different style hinge clamp wing nuts
- Torque Tee Wing Socket can be used independently on wing nuts or with Rubber Fab's Torque-Rite® nut
- T-shape creates effective leverage
- Fast easy one handed tightening in the right direction
- Provides an audible click when any factory preset torque is reached
- Flanged reversing collar disengages the ratchet mechanism and locks the tool for conventional backing off and loosening
- All mechanisms are sealed in die cast handle
- Available in 30 in/lbs and 50 in/lbs as a standard
- Consult factory for other torques
